

Reflection

In retrospect, what could you have done better to reduce the time you spent solving this homework?

I could've had a better understanding of how specific dafny is when it comes to conditions

What could we, the teaching staff, have done better to improve your learning experience in this homework?

I thought the homework was well written

What do you know now that you did not know before beginning the homework?

I didn't know that dafny is super picky about how you format your conditions.
