

Reflection

- In retrospect, what could you have done better to reduce the time you spent solving this homework?

I think I handled my time efficiently and effectively for this homework since this homework didn't take very long for me to complete.

- What could we, the teaching staff, have done better to improve your learning experience in this homework?

Nothing, I thought the material was simple and the teaching staff gave us a solid understanding of the materials needed to do the homework.

- What do you know now that you did not know before beginning the homework?

I didn't know how to use ECL Emma.
